Business Model

Diamond Cab retains a proportion of the rental income from drivers for the management of the barrier-free taxi fleet.

? Social Issue

- Lack of safe, point-to-point barrier-free transportation options for the over 100,000 wheelchair users in Hong Kong

! Social Innovation

- Ground-breaking inclusive business for wheelchair users
- Breakeven within its second year of operation
- Diversifying business with a single mission to build a barrier-free city
